TO: Dennis Williams, Chief, FM Branch

until that figure is included, one way or another, in the application.

3. Brazos hereby states for the record that the population figure, calculated by Channel 6's consulting engineer and included in the Engineering Statement attached to Channel 6's Petition, is consistent with Brazos' own calculation of the population within the interference contour of Station KCEN-TV which would be subject to interference by Brazos' station.

4. In conceding the accuracy of the calculation of that figure, however, Brazos is not conceding that that figure is in any way relevant or material to Commission evaluation of the above-captioned application. To the contrary, as set forth in

- 3 -

application, and without conceding the relevance or materiality of the figure in question, Brazos is willing to acknowledge the accuracy of Channel 6's calculation of the population figure in issue.

Respectfully submitted,

/s/ Harry F. Cole
